

AIR TEXTURIZED VISCOSE FILAMENT YARNS

Raysil® ‘Raytex’ connotes the entire gamut of yarns engineered through an enhanced Air-Jet Texturing process that introduces bulk, slubs, and special effects in viscose filament yarns for curating contemporary fashion fabrics.

Raysil® Raytex is available from 75 Denier to 300 Denier in plain, slub, and mélange effects, adding an earthy look and rustic feel to the fabric. It is used to create ethnic wear, saris, and high-end home décors. Fabrics made with Raysil® Raytex offer a completely natural texture, are rustic, looks closer to silk and linen, and provides extraordinary softness and warmth.
